

# HELP THE PATIENTS SPEAK! SEND A MEDICAL MARIJUANA PATIENT TO LOBBY CONGRESS

On September 22, 2003, I and many other people with multiple sclerosis who use marijuana as medicine will converge in Washington DC for the "Cheryl Miller Memorial Vigil". We are planning lobbying visits, press conferences, vigils and meetings to have patients speak to Congress, the MS Society, and the public. Our primary goal is to get federal legislation passed that recognizes marijuana as medicine. I need the support of my community to participate. Please make as generous a pledge as possible to send me and a caregiver to Washington DC.

My Fundraising Goal: \$1500  
Pledges must be made by August 31, 2003
